<https://www1.gotomeeting.com/join/814523881>

### Thursday

- 8:00 Check and make sure all technology is working properly  
Questions before we begin?
- 8:10 Deb introduces Clicker Writer and the basics of using Clicker Grids
- 8:30 Participants will practice turning instant pictures in Clicker Writer on and off  
Participants explore Clicker 5 Examples Folder on their computers  
Deb will answer questions while people are exploring
- 8:45 Deb will demonstrate how to create a blank word bank  
Participants will create a Word Bank by following Deb's directions  
We will be practicing shift – clicking and using the tab key to move from cell/cell
- 9:00 Deb will show how to make an eBook from a blank Template  
Participants will follow the directions on the eBook handout and create their own  
Book <http://clicker5lifeskills.wikispaces.com/Henrico>  
Books will be saved and uploaded to a Learning Grids account tomorrow
- 9:30 Deb will introduce Learning Grids  
Everyone will log in using henrico and the password henrico  
Search the Clicker 5 data base and bookmark grids you would like to use
- 9:50 Share ways you'll use the grids – end at 10:00

### Friday

- 8:00 Check in and make sure everyone is set  
Answer questions
- 8:15 Review what we covered Thursday  
Participants will create a word bank and sentence grid from a template  
Deb will show dragging and dropping graphics from the Internet  
Participants will finish the eBook started yesterday and upload to LG
- 8:45 Log into Learning Grids: henrico and henrico as the password  
Explore the grids that others have bookmarked and uploaded  
Find a grid and modify it for your students
- 9:15 Individual/team grid making
- 9:50 Share and end at 10:00
